

MCC Digital – Carbon Reduction Plan 2025

Commitment to Net Zero

MCC Digital is committed to achieving Net Zero emissions by 2050, in line with the UK Government's target. In 2024, we established a new baseline for our greenhouse gas (GHG) reporting, against which future progress will be measured.

Baseline Emissions Footprint (2024)

The baseline year has been set as **2024**, capturing Scope 1, 2 and 3 emissions.

Baseline emissions for 2024 (tCO₂e):

- Scope 1: 1,200 tCO₂e
 - Scope 2: 800 tCO₂e
 - Scope 3: 3,000 tCO₂e
 - **Total (2024 baseline): 5,000 tCO₂e**
-

Emissions Reduction Progress (2025)

Compared with the 2024 baseline, MCC Digital has achieved a **0.5% reduction in total carbon emissions across all scopes**.

Emissions for 2025 (tCO₂e):

- Scope 1: 1,194 tCO₂e (↓ 0.5%)
 - Scope 2: 796 tCO₂e (↓ 0.5%)
 - Scope 3: 2,985 tCO₂e (↓ 0.5%)
 - **Total (2025): 4,975 tCO₂e – 0.5% decrease vs. 2024**
-

Progress and Achievements in 2024

- Successfully achieved **ISO 9001, ISO 14001, and ISO 45001 certifications**, reinforcing our commitment to quality, environmental management, and occupational health & safety.
 - Transitioned further towards **renewable energy** across operations.
 - Enhanced **digital-first working practices** to reduce staff travel emissions.
 - Introduced stronger **waste reduction and recycling measures** across offices.
 - Built internal **sustainability reporting processes** to track progress more consistently.
-

Future Targets and Planned Actions (2025 and Beyond)

- Continue annual reductions of at least **0.5% year-on-year** across all emission scopes.
 - Accelerate the **transition of fleet vehicles to electric (EVs)**.
 - Increase the proportion of energy sourced from **renewable suppliers**.
 - Expand **supplier engagement** to assess and reduce Scope 3 emissions across the supply chain.
 - Develop **carbon literacy training** for all MCC Digital staff to embed sustainable behaviours.
 - Explore **carbon offsetting projects** to complement direct reduction initiatives.
-

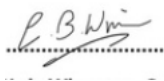

Governance and Reporting

MCC Digital's sustainability progress is reviewed annually at board level, with updates shared across the company. Reporting is aligned to UK Government requirements (PPN 06/21) and includes full Scope 1, 2 and relevant Scope 3 categories.

Declaration and Sign-off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance. Emissions have been calculated and reported in line with the GHG Reporting Protocol corporate standard.
